Today Everyone had fun

In summer I watch the fireworks with my friends.  
We go to the Yokohama bay  
It is always really crowded so we arrive there early to get a place .  
We take a blanket and spread it out on the grass then lie down  
We drink sake and eat snacks while we wait.

Sometimes I wear a yukata and Getta and my boyfriend wears a Jimbae.  
My yukata is light blue and green and has a white obi.  
My boyfriend's Jimbae is black and blue

The fireworks are really beautiful . I like the sound that they make when they  
explode.  
When I was little I was afraid of them and didn't want to watch.  
The noise was too loud and I thought they would fall on me.

This year I am going to watch the fireworks in Kagoshima  
I am really excited.
